## Courts Closed for Crack Repairs August 26-28, 2024

The entire pickleball facility (all 10 courts) will be closed by TUSD on August 26-28 (Mon-Wed) to repair the expansion joint cracks on courts 2 and 5. The decision to close all courts was made by TUSD with safety in mind and to avoid pickleballs flying into the work area and onto the newly repaired surfaces.

Unless there are any unforeseen issues, organized play will resume at 7am on Thursday August 29th. All courts will be pressure washed by TUSD approximately one to two weeks after the repairs have been completed.

This project was completely funded by Tustin Pickleball through a donation to the school district. We thank everyone for their continued support and patience as we complete these much needed repairs.
