## Courts Closed for Resurfacing March 17-28, 2025

Hello Members!

Just a reminder that the courts will be closed by TUSD for resurfacing and repainting from Monday March 17th to Friday March 28th, 2025. If all goes as planned (and weather permitting!) the courts will reopen for organized play on Saturday March 29th at 7am.

The scope of work will include patching of cracks and spalls, power washing, applying SportMaster resurface coat to smooth out the surface, and two coats of SportMaster color system paint. New nets will be installed on each court once the painting is completed.

The color scheme will be tournament purple for the service boxes, orange for the kitchen area, light green around the periphery, and white lines.

Please note that the flexible expansion joint that runs through courts 2 and 5 will remain as is. The purpose of the joint is to relieve stress and allow the concrete slabs to expand and contract with changing temperatures to prevent large cracks from forming. This joint was part of the original tennis court design and cannot be modified.
